NUMBER 18

HIGH SCHOOL P T A ELECTED NEW OFFICERS

Mr. W. L. Fletcher Jr. was elected president of the High School Parent-Teacher Association Wednesday, Feb. 23. Other officers are: Mrs. Tate May, vice president; Miss Bernice Whitely, secretary; Mrs. R. Y. Barrow, treasurer. These officers will be installed in the regular meeting in April.

Mrs. Ted Russell introduced the program which was a candle lighting ceremony celebrating the forty-first birthday of the National Congress of Parents and Teachers, and paying tribute to the founders and outstanding workers. Parents from the elementary and High School took part on the program. Mrs. Turner Beard sang the theme song, "A Little Child Shall Lead."

Considerable business was discussed, resulting in the following actions:

The sponsoring of a contract among high school students for composing an original song to be adopted as the Hamlin High School song; the pledging of support to the Girl Scout committee in their project of building a Scout house; the purchasing of shrubs and flower seeds for the High School lawn; the purchasing of three mirrors for the stage and girls' gym dressing rooms; the purchasing of a United States and Texas flags for the F. F. A. department; the approval of the arrangement of Social Hygiene lectures for the High School students; report of dishes purchased for the Home Economics department; report of repair on portable phonograph furnished by York Variety Store for the Public School; time of meeting changed from night to afternoon.

The junior class won the attendance prize.

The next meeting will be March 7th at 3:45 p. m. —Reporter.

MARVIN YORK PLAYS IN BAYLOR UNIVERSITY BAND

Marvin York, of Hamlin, is a member of the Baylor University Golden Wave band that leaves here Friday on a spring concert tour that swings to San Antonio, through the Rio Grande Valley and Southwest Texas. —Baylor University News Service.

LITTLE SANDRA JUNE MOULTON

The home of Mr. and Mrs. Raymond Moulton of Neinda is saddened by the death of their only child, little Sandra June, who passed away at 8:00 a. m. on Saturday of last week, at the Abilene Hospital.

Little Sandra June was just 1 year, 9 months and 28 days of age. She had lingered for more than two weeks between life and death. All that human hands could do was done to save her.

This little lady was the pet of the community, her father is a clerk at the Brown Cash Store in Neinda, and little Sandra June radiated her smiles and sunshine for everyone meeting her for she delighted to visit with her Daddy and play store. Not only do the parents mourn her going, but everyone who knew her.

Funeral services were held at the Neinda Baptist Church, Sunday afternoon at 1:30 o'clock, in charge of Rev. J. Henry Littleton, of Hamlin. An immense crowd was present. Beautiful floral contributions bore testimony of the love held for the little one.

The Barrow Directors had charge of the body and it was placed to rest in the Neinda Cemetery.

MISS ELMO JOY WILSON

Miss Elmo Joy Wilson of Hamlin, a Junior at North Texas State Teachers College, was one of seven students named as favorites for the 1938 Yucca, college yearbook.

The Herald is glad to hear the voice of Mrs. John Eakin again from her old home place on Alamo Avenue. She has been living with her daughter, Mrs. Forrest Boyd in Sweetwater. We are glad to say both Mrs. Eakin and Mrs. Boyd are back in Hamlin to live—where old friends and neighbors can greet them from day to day and it also enables them to look after their property in Hamlin.

NEW OFFICERS FOR C OF COMMERCE

The Hamlin Chamber of Commerce Directors met Feb. 25th, in the Offices of the Farmers & Merchants National Bank, where officers were elected and plans were formulated for the coming year.

W. C. Russell, Assistant Cashier of the F. & M. Bank, was elected President. Tate May, Hamlin's representative director of the West Texas Chamber of Commerce, was re-elected to that position. Mr. May has served as Hamlin's representative for several years.

W. E. Benson, present secretary was re-elected to that position.

R. V. Teague was called to Cross Plains last Saturday by the illness of J. C. Teague, his only brother. He passed away early Monday morning and was buried at 4:00 p. m. that day. Mrs. A. G. Hudson, a sister of the deceased was unable to go. Miss Pearl Hudson and Mr. and Mrs. Arthur Hudson attended the funeral from Hamlin, and a sister, Mrs. W. C. Burns and daughter of Abilene.

Mr. and Mrs. J. D. Burk and children went to New London last Sunday and enjoyed two days visiting Mrs. Burk's brother, B. D. Vick and family.

Duke Wallace and wife of Crowell, were visitors in the home of Mr. Wallace's sister, Mrs. V. W. Day, Mr. and Mrs. Wallace formerly lived in Hamlin and operated the ice and light plant here.

F. F. A. BOYS SHOW A SUCCESS

Last Saturday, February 26, the Hamlin F. F. A. boys held their annual show.

There were four prize winning classes—The Fat Barrow, the Fat Lamb, the Fat Steer and the Breeding Gilt. Those winning in the Fat Barrow class were—L. B. Bruner, 1st Prize, Dean Redus, 2nd Prize, Garland Preston, 3rd Prize, Bobbie Gill, 4th Prize, Bill Scott, 5th Prize.

Others who entered but did not place were Bill Norris, Alton Crowley, Raymond Elkins, Tom Scarborough.

Those winning prizes in the Fat Steer class were:

George Dean, 1st.—Bobby Gill, 2nd, James Goodgame 3rd, —Hilton Fields 4th, J. E. Walton, Jr. 5th.

Those entering that did not win prizes were:—Lee Greenway, E. J. Whaley, Rufie Neal, James Steed, Alton Crowley.

The prize winners of the Fat Lamb class were Lewis Tidwell, 1st; W. L. Hunter, 2nd; John Ware Jr., 3rd Redman Switzer, 4th, Bill Scott, 5th.

Lewis Tidwell won in the Breeding Gilt class.

All of the boys had fine stock and if we had the same butchered and placed in hams sausage, steaks and roast, we would eat.

We wish to thank all the business men for cooperating, and especially do we thank Mr. Moody for his untiring efforts to promote this.

Ten of the pigs were sold to Mr. Tom Teague at 9c per lb. He "bonused" us at 1 and one-fourth cent to encourage us.

This show was sponsored by M. B. Templeton, Voc. Agri. teacher.

The F. F. A. Boys wish to thank The Home Lumber Co., The R. B. Spencer Lumber Co. and the Rockwell Lumber Co., for the use of their lumber and post with which we used in building pens for the animals. —Reporter.

ROTARY CLUB HEARS DR. McELROY TALK

Dr. Alton L. McElroy was the chief talker at the Rotary Club, Wednesday. He took the much discussed and important subject, "syphilis." This word has been taboo in public conversation and print all the years past, and at the same time the disease has kept its deadly work going at a great loss of time, expense and life. It is perhaps Health Enemy No. 1.

Dr. McElroy held the attention of everybody for thirty minutes—proving that science has solved the cause, the spread, the treatment and the cure of this dreadful disease. But the public has shied away from the subject—even fought to prevent the very word from being used except in a whisper.

The speaker criticized the Texas law that requires a prospective bridegroom to have a health certificate and not the bride-to-be.

In connection with the thought on "social diseases," we note that prominent speakers are appearing before Hamlin students, last week and this week and also next week, under the sponsorship of the P. T. A.

McCAULEY BOY PLAYS FOR ROTARY CLUB

Following the talk by Dr. McElroy the chairman of the program committee called on Buford Jackson, age 12, son of Mr. and Mrs. W. C. Jackson of McCauley for a selection on the piano. He did so well that the Club gave him an enthusiastic encore to which the manly little fellow responded in a very charming and easy style. The Club will have this little musician back again sometime.

Mr. and Mrs. O. K. Wilson returned, Tuesday from Pecos where they had spent a week with their daughter, Mrs. J. D. Greenway and family. Their grandson, little Don Greenway had been rather sick, but they report him alright now.

SUPT. C. G. GREEN RE-ELECTED TO HEAD HAMLIN SCHOOLS

The leading school news of the week is that the School Board met Monday night and re-elected Supt. C. G. Green for his fifteenth year in Hamlin.

At this point the Herald would like to give a summary of the accomplishments made during the past 14 years under Mr. Green's administration. It would take longer time than is permissible this week and that interesting feature will follow in the next Herald.

It takes a long time to really build up a creditable school system and one of the chief factors in that work is the Superintendent. Mr. Green has lived in Hamlin long enough to be "at home" and therefore is doubly interested in the kind of schools this community has.

SCHOLASTICS BEING ENUMERATED

March is scholastic enumeration month in Texas. The census this year will be taken by Mrs. C. G. Green and Miss Margaret Rowe.

It is extremely important that every child of scholastic age be listed for each one draws from the State \$22.00. State money will pay the salaries of the teachers the whole year except one month.

If a child is six years of age before Sept. 1, he should be enumerated. If one is 18 before September 1, he is not a scholastic.

Mr. Green asks every one to cooperate with those taking the census. J. C. Turner Jr. came up from Baylor University to spend the week end following the winter term exams.

JOHN T. DAY IS BACK FROM HOSPITAL

For more than five weeks friends and neighbors of John T. Day have been hoping to learn of his improved health condition.

Wednesday his arrival in Hamlin was good news to all. Mr. Day, like all men longed to be back in his own home and with friends. He is far from well, but with care and patience he should soon regain his strength. He is able to walk about his rooms and sit out on the galleries and enjoy the view of the "watery streets" and receive the greeting hand waves of his friends. Yes, John T. we are all glad you are getting on your feet again.

Mr. Day says he received so many letters, cards, telegrams and flowers from his friends while in the hospital, that he wanted the Herald to tell all, how much such remembrances of him helped him along. Yes, Mr. Day is thankful to you for every kind message he received during the weeks he spent in the hospital.

RABBIT DRIVE FREE BARBECUE

A rabbit drive will be held at Tuxedo, Thursday, March 10th. A free barbecue lunch will be furnished. Everybody who can shoot and eat has a cordial invitation to come join in.

BIRTHDAYS

Thursday, J. C. Culbertson celebrated his 77th birthday and received many congratulations.

Also Thursday was the 52 birthday for Rev. Hanks—The Herald extends our best wishes to these boys.

Mrs. Opal Goodgame who is ill with pneumonia was taken to a hospital in Abilene, Wednesday.

MY HOME TOWN CONTEST STARTING

An early response to a request for entries in the annual "My Home Town Contest," to be held at the twentieth annual convention of the West Texas Chamber of Commerce in Wichita Falls, April 25, 26, and 27, assures one of the best competitive fields in the history of the event, Judge C. M. Caldwell, Abilene, general director of the contest plans, has said.

Entries already received, since contest announcements were made only a few days ago, include those from Sweetwater, Spur, Hamlin, Shamrock, Midland, Eastland, Childress, Brownwood, Breckenridge, Bowie, and Big Spring.

Last year, at the Brownwood convention, there were seventy-one entries. Ben J. Dean Jr., of Breckenridge, the contest winner, received cash awards of \$25.00, the Thomas Etheridge cup, and a selection of college and university scholarships.

This year's field of entrants may be larger. Winners from each town, and eligibility rules state that speakers must be high school students in school during the spring semester, will compete in three preliminary events during the annual WTCC meeting here. The winner in each preliminary round will participate in the finals before a general assembly of the convention on Wednesday, April 27.

Contest entrants come from throughout West Texas, and in 1937, Sue Jean Lynch, of El Paso, won a special award for coming the greatest distance to compete.

Mrs. Frank Johnson of Dallas came up Monday to spend the week here with her parents, Mr. and Mrs. M. P. May and other relatives.

UNUSUAL HAPPENINGS

Maybe it is a bit reckless to say "we never heard frogs chirp" in this country as early as March 1. Maybe the early frog gets the first chirp and that was what many Hamlin people heard on the evening of March 1, maybe it was the last day of February—think, that's a record, maybe—February Frogs in Hamlin.

Some time ago there was a fellow who broke into the Bryant-Link store, and carried away a lot of goods. The robber was hard to trace—however one of the lady clerks waited upon a customer the day of the robbery and his general appearance and conduct attracted her attention—he was a giant in height, broad heavy shoulders, full breast, but small waist, small feet, legs, hands, and extremely polite—his purchase was one calling for a certain length of underwear and required the clerk to dig under counters and into boxes to get the size—perhaps the man knew dry goods and wanted a chance to observe the sky-light. Anyway, officers were told—they jumped at the clue—the very description of a man who was wanted for several car thefts. Such a man was arrested in New Mexico, last week—Jones County officers hastened out there—they found much of the Bryant-Link Goods, some worn without removing the tags and cost marks etc. Proof was furnished and the store recovered part of their loss—New Mexico had too many car theft charges against

the man to give him up—so that's another mystery solved.

Here is another: Four fellows drove up to Carl Young's Service Station—one stays under wheel, one gets out tells the attendant to check "everything" and allows closely to see that it's done right—the other two saunter into the "store room," just looking innocent like. "O. K., boys, let's go! Off they go, and finally drive into Middleton's station and start the same trick—Vernon accomodated them, and yet he recalled seeing this same four stop at the other station—finally, OK, boys, let's go!—and in a short while the same gang drove into the Hudson Station—Middleton got wise and suspicious. He called City Marshal Miles, but before Miles could get down they had left, but Miles got on the lines—the four guys were arrested in Anson—car filled with cigarettes and other things the "two-lookers around" had gathered at a bunch of Hamlin's service stations. It pays to watch the apparent innocent.

DENTON, Feb. 28.—While carrying on her regular work at Texas State College for Women, Miss Bernice Fairey, of Hamlin is also serving now on the faculty of the Denton Public Schools in the Department of Home Economics. She is obtaining this practical experience as a step toward her permanent teaching certificate.

Miss Fairey, the daughter of Mr. and Mrs. E. F. Fairey, is a member of the senior class at the college. TSCW NEWS BUREAU

Points and Personalities

by doris pope

Since the recent addition of a certain attractive blond to the book-keeping department of the Hamlin Hospital, people have been receiving "duns" for "office calls" made four years back.

A prominent young fire insurance man knows how it feels to have to walk home in the wee hours—all on account of a flat.

Who was the handsome young man who had such a hard time getting a date this last week? (He couldn't even interest the telephone operator.)

For the latest rules for social behavior at a "silver tea," we refer you to the charming wife of a certain lumber-man and an attractive matron whose husband is a grocer. (Be sure to ask them about "where and when" to put in the donations.)

A well-known railroad man, who spends most of his time out on a "run," has rebelled and is asserting his masculine authority. He is giving everyone the "cue" that his wife really does have a husband, by having his paper sent to Mr., his telephone listed as Mr., his gas and electric bills sent to Mr., (After all he has to pay for them anyway!)

We understand that modesty caused a prominent druggist to shorten his real name "Planet" to just plain twinkle, twinkle, little "Star."

We know that our city has a pretty bad reputation about some things, but when it reaches the point that one parks his automobile on Main Street and then chains it—then something ought to be done.

If you've missed a certain glow and cheeriness from our little city, it's because of the absence of A. D.

BUY A MODERN CAR NOW—WHILE YOU HAVE MORE TO TRADE AND LESS TO PAY

NATIONAL USED CAR EXCHANGE WEEK

MARCH 5 TO MARCH 12

SEE ANY CAR DEALER DISPLAYING THIS SIGN

Get there early while the choice is wide—fine cars now offered at rock-bottom prices

This National Used Car Exchange Week gives you a great opportunity to OWN A BETTER CAR for a small investment. Automobile dealers co-operating in this big sale have a fine selection of used cars—and prices are far below those of several months ago.

Many are 1937, '36 and '35 models—backed by the finest of dealer guarantees. All have thousands of miles of first-class unused transportation in them.

And the "first-class" transportation of these modern cars represents satisfaction which the owners of older cars can hardly imagine. Beautiful, modern styling—a more comfortable ride—more room for you and your luggage—finer,

more powerful engines—better gas mileage—better brakes—bigger tires—dozens of improvements introduced since your old car was built.

Now's the time to make the switch, while you have more to trade and less to pay. Your present car may cover the down-payment—balance on easy terms. If you have no car to trade, you can still take advantage of the low down-payments and easy terms during this sale.

CLOVER FARM STORES

MEATS

Ensy's shining personality. He's deserted us for other parts, but he still calls Hamlin "home."

It is rumored that an attractive brunette sales lady in one of our dry goods stores (recently re-organized) is now being wooed with a daily "coc" by a big, handsome man who is interested in the cafe business. (The courtship certainly did not get a "puny" start.)

A prominent cowboy-rancher, who is six feet, two, has very recently acquired a name that is really "cuddly"—call him "Baby."

We noticed an article not long ago that praised the members of the Hereford Lions club for their expert marksmanship, with biscuits as ammunition. Perhaps a tournament could be arranged between them and the Hamlin club.

It must be the "Scotch" in her! A popular young clerk in one of our corner stores has made the mistake several times of trying to pay for two "coos" with a penny. (There is only nine cents difference between a penny and a dime.—She didn't get by with it.)

Seen and heard around the town: Auvis Address reading a grocery list in German A certain drug clerk who is now called "play" boy Ted Russell, our local gloom

chaser, making a speech via radio from Mineral Wells Forest Greenway setting a new vogue in men's footwear Kurt Shoemann buying groceries F. F. A boys, under the direction of M. B. Templeton, putting on a swell show here in Hamlin last Saturday some of the F. F. A. boys taking their stock to Abilene and "placing" in the show there Bill Norris putting hair oil on his pig for the F. F. A. show people asking why Wednesday was a holiday the dead-line's here, so thassall, folks.

CARD OF THANKS

We wish to express our deep appreciation to our friends and neighbors for their many acts of kindness shown us during the illness and at the death of our father and grandfather. Also we thank the many friends for the beautiful floral offering. May God bless you all is our prayer.

Mr. and Mrs. Bill Sellers, and children,
Mr. and Mrs. Vernon Sellers
Mr. and Mrs. Tom Hodges and son.

Mr. and Mrs. Emmett Benham and little son, Bobbie Don, of Enterprise, Kansas, were guests his week in the home of Mr. and Mrs. Henry Jackson. They were accompanied by Mrs. Benham's parents, Mr. and Mrs. W. J. Jackson, of Cohoma, Texas.

JONES CO. TEACHERS ORGANIZE T. S. T. A.

The Jones County Teachers met at the Anson High School Auditorium Saturday, enjoyed some musical numbers given by the Anson Choral Club under the direction of Miss Yarborough, and then entered into a reorganization in conformity with the new federated plan of the T. S. T. A.

Mr. Nat Williams, president of the Oil Belt Teachers Association, explained the new amendment.

Delegates elected by ballot to represent the local unit in the House of Delegates at Sweetwater, March 12, were Mr. E. M. Connell, superintendent Anson school; E. Earl Isbill, County School Superintendent; and Mr. John F. Odor, principal Swan Chapel, as alternate.

New officers elected and who will serve the organization until their first meeting in 1939 were: M. M. Collins, Hawley superintendent, president; Miss Hybernia Grace, history teacher in Anson High School, first vice president; Will H. Grimes, coach in Avoca schools, second vice president; Stanley Camron, industrial education teacher, Lueders school, treasurer; and Ovid Wall, principal Grammar school, Hawley, secretary.

Men and Beast Hunt The Shady Spots

When the mercury starts climbing, both men and beast hunt a shady spot.

They've been doing it for many centuries.

Rumor has it that the caveman went so far as to douse perishable foods in cool streams of water in an attempt to preserve his next meal from the ravages of Old Sol.

Which leads up to the fact that modern electric refrigeration is a far cry from the first recorded cooling system, tried out by the ancient Greeks and Egyptians before the birth of Christ.

According to Mac Brundage, local manager for the West Texas Utilities Company, the first refrigeration was accomplished by filling shallow earthen dishes with water and covering them with sugar cane. This crude apparatus was then placed on a roof, where (exposed to the currents or fanned by slaves, some of the water was evaporated during the night and with it went some of the heat. Loss of the heat left the remaining water considerably cooler. The chilled water was then placed around bottles of wine to keep them cool. Clever, eh?

Not he who fiddled while Rome burned is given credit for discovering the preservative powers of snow. Hundreds of his slaves brought bales of snow from the Apennine mountains down to the emperor's courtyard where it was buried in deep trenches insulated with sod and

straw. It kept for weeks and was used for cooling wines, fruits and fish that formed part of the Roman feasts.

In the 16th century, a Venetian, Sanct Sanctorious, concocted a mixture of one-third salt and two-thirds snow by which he produced a temperature cold enough to freeze water.

It is said that Lord Francis Bacon contracted the pneumonia of which he died while stuffing a fowl with snow to study the effects of such treatment. His last question was: "Does the fowl still keep?" Thus developed the science of food preservation in its cruder stages.

"Nature herself took a hand," Mr. Brundage says, "by supplying cooler temperatures in springs, wells and cellars. These were used for a great many years and even today in some cases. However, the temperature is rarely below the 50-degree danger line which now is known to be necessary for safe food preservation."

The use of natural ice, he recalled, preceded development of the mechanical ice plant and electric refrigeration.

"The old-fashioned ice box went a long way toward making people more conscious of the need for food preservation," he opines. "It performed a real service in the past."

In 1880 a Chicago packing plant installed the first mechanical refrigeration equipment used by that industry, revolutionizing the whole sys-

tem of feeding the people of this nation.

Electric refrigeration for the household followed.

"Do you remember how crude the old family bus of a decade or so ago looks today?" Mr. Brundage asks. "It cost three or four times as much to operate the old models as it does the streamlined machine nowadays. Well, the same is true of the old model refrigerators. But the new electric ones! Shucks, man! They give the women-folks year-round temperatures of 40 or 50 degrees for what it costs to smoke three cigarettes a day!"

KNOW TEXAS

By F. L. McDONALD, T. S. C. W. NEWS BUREAU, DENTON

DENTON, Feb. 24.—Among the quotable figures that might come in handy when visiting relatives are around those concerning the hotel business. Texas alone has 1,724 of the 28,822 hotels in the U. S., ranking as the seventh state in the amount of receipts in 1935. Delaware has the lowest supply of hotels with 33, and New York is highest with 2,207. The average per state is about 600.

MORE ABOUT COTTON

"The Texas cotton crop is the most valuable crop grown in a single political subdivision in the world," says the World Almanac, published by the New York World-Telegram. Another startling statement included in the write-up is that the value of the average Texas cotton crop is almost as much as the total value of the production of gold, silver, zinc, lead and copper mines in the United States.

HERITAGE OF NAMES

Most Texans have heard that their own state is named after an Indian word meaning "friends" or "allies," but few know that twenty-four states in the union have names derived from Indian words. Among those that are particularly colorful are Connecticut, which means "River of Pines"; Mississippi, "fish river"; Oklahoma, "red people"; Alabama, "I clear the thicket," and Arizona, "dry belt."

* If front wheel leaves the road surfaces, do not jerk car back instantly. This caused many deaths in 1937.

* This is the day for all citizens to write or phone their law enforcement officers their appreciation for safety vigilance.

Political

Announcements

Long Distance calls go through while you "hold the line"

because telephone management said...
"OUR JOB IS TO MAKE SERVICE FASTER"

The men who head the telephone company have always believed even good service can be better. Their aim, like that of every other telephone worker, has been better and better service at low cost to the user. One result is that today you can call distant cities as quickly, as easily, as you telephone across the street.

A few years ago it took seven minutes (average) to make a long distance connection. Today the average time is 96 seconds!

LOCAL NEWS FROM FAR AND NEAR

(By TRESSIE BROWN)

We farm people are proud to see the bright face of our pal, the sun, showing its face after the fine rains we have had.

Mr. and Mrs. Jim Brown and little daughter, Betty Joan visited Mr. and Mrs. J. T. Smith and family at Plasterco Sunday. We have neglected writing of the illness of our friend Robert Smith who is still ill at his home in Plasterco. He is improving now and we hope he will soon be up and around again.

Mr. and Mrs. J. T. Johnson and daughter, Grace, attended the funeral of a relative in Abilene, Sunday.

Mr. and Mrs. T. S. Brown and family visited in the home of Grandmother A. R. Brown in Plasterco, Sunday. Mr. and Mrs. Myron Brown and family of Dowell also were their Sunday guests.

We are happy to know that Mrs. Ben Bingham of O'Donnell who has been ill in the Sanitarium at Abilene, was able to be moved to her mothers Mrs. Thompsons in Anson. She will soon be able to return to her home in Odonell.

Mr. and Mrs. Arza Brown and little sons, Mr. and Mrs. Walter Poe and little son, Barney Sail, were guests in the home of Mr. and Mrs. Bonnie Bingham in McCaulley, Sunday.

Cyril Brown of Plasterco returned to his home Friday, after visting a few days with relatives in and around Post.

Miss Nadine Bingham spent the week-end with Bennie Jewell Reeves

STAMFORD IS CALLING YOU

Beginning next Wednesday, March 9th, Stamford is inaugurating a weekly trades day and livestock auction. The Chamber of Commerce is sponsoring the affair in co-operation with the newly organized Stamford Livestock Exchange.

The merchants will offer specials each Wednesday and some form of prizes will be given each week. Next Wednesday, twelve \$5.00 bills will be tied to chickens or other fowls to be released from the tops of buildings in the business district. The person that catches each fowl gets the \$5.00

The buildings and pens of the Stamford Livestock Exchange, covering one-fourth of a city block, are being rushed to completion in order to be ready for the first auction and trades day next Wednesday. Sales will be held every Wednesday and a large number of out-of-town buyers are expected. The exchange is expected to provide farmers with a better market for their livestock.

The Herald is carrying for the Stamford Chamber of Commerce, this week a full half page ad—Note what they say.

Scott Smith of Los Angeles spent last week as a guest in the home of Mr. and Mrs. R. W. Carmichael.

Poorly Nourished Women — They Just Can't Hold Up

Are you getting proper nourishment from your food, and restful sleep?

A poorly nourished body just can't hold up. And as for that run-down feeling, that nervous fatigue, — don't neglect it!

Cardui, for lack of appetite, poor digestion and nervous fatigue, has been recommended by mothers to daughters — women to women — for over fifty years.

Try it! Thousands of women testify Cardui helped them. Of course, if it does not benefit YOU, consult a physician.

The Herald anywhere 1 yr., \$1.00.

BOYD CHAPEL CHIRPS

Mr. and Mrs. Ernest Cozzen and L. P. Cozzen of Lamesa spent the week-end with relatives of this community. Olen Young of Lubbock spent last week-end with his parents, Mr. and Mrs. Charlie Young.

Mr. and Mrs. Leon Rogers and Mrs. Wes. Neidecken and children of Hamlin spent Sunday with Mr. and Mrs. Dorsey Bingham.

Roy Bristow of Wise Chapel visited Mr. and Mrs. Eric Crow, Sunday. Mr. and Mrs. Travis Hubbard entertained members of their Sunday School class in a social on Friday evening.

Miss Viva Milstead of Sonora spent the week-end with her parents, Mr. and Mrs. Bob Milstead.

Mr. and Mrs. Bert Killingsworth of Sylvester and Mr. and Mrs. J. D. Rainey of Plasterco spent Sunday with Thompson Young and family.

N. J. Rainwater of this community and Miss Ruth Maxwell of Carpenter Gap were married on Feb. 24, by Rev. Doyle of Anson.

Mr. and Mrs. W. S. King of Anson spent the week-end with Earl Brown and family.

Mr. and Mrs. Delbert Myles and daughter of Breckenridge visited with Mr. and Mrs. L. F. Wood, Sunday and attended the singing. We are glad to report Mr. Wood as still improving.

Both preaching services at the Baptist church were well attended, Sunday. Rev. Vaughan preached two good sermons.

A large crowd enjoyed the North-side singing Convention which met here Sunday. Several visiting singers were present and several specials were rendered.

People of this community sympathize with Mr. and Mrs. Raymond Moulton in the loss of their darling baby and with the Seller children in the loss of their father, Eli Sellers. May the grace of God comfort and sustain these bereaved families.

The Texas delegation in Congress was very actively interested in helping defeat the resolution. While I am firmly convinced we could win it in court, we don't want a lawsuit; and I feel quite confident that the resolution will be defeated.

STAMFORD CHAMBER OF COMMERCE

Hamlin Friends Of Will M. Martin Sponsor Him For R. R. Commission

In announcing for the office of railroad commissioner, I am not unmindful of its importance. When the commission was created by the immortal James Stephens Hogg, it was considered so important that John H. Reagan resigned his seat in the United States senate to become its chairman. It is far more important today. Then it only regulated the railroads. Now it not only regulates them, but the oil and gas industry, buses and trucks and all public utilities as well.

In this brief announcement, which will be elaborated on and discussed in the future, I want to state that I believe in proper regulation of all utilities and public service corporations.

I believe in conservation of our oil resources to prevent physical waste, but not in curtailment of production to fix prices. I believe in a reasonable protection for the producer, but not to the extent of "holding up" the consumer. The price of gasoline is the same now as it was when crude oil was \$1.00 per barrel and less, showing that the major oil companies have used pro-rata to exact their own price for their products.

In some of the Texas oil fields production has been cut to such an extent that producers and royalty owners cannot pay their taxes. This is not regulation, but confiscation of property, to which I am opposed.

For many years politicians were elected to office on what they promised to do to the railroads, and now it is necessary to do something for them. President Roosevelt is vitally concerned over their condition. I believe that many of the regulations imposed on them in the past are obsolete and serve no purpose now, but are a handicap to their economical operation and should be abolished as a benefit to the public. I believe

also, that they should have more freedom in reduction of rates when they so desire to reduce them.

I believe that commercial trucks should be allowed to haul 10,000 pounds. Despite the vigilance of the highway patrol many of them do so now. The additional license fees would more than pay the expense of their regulation. In conceding this weight advance to the trucks, I would seek to have regulations to cover all commercial vehicles, so that no driver could be on duty more than a reasonable number of hours, and must have at least ample rest before resumption of work, also that all equipment be examined periodically by state inspectors in the interest of public safety on the highways.

I was born in Smith county, Texas, in 1882, being the son of G. A. and Nancy Pinkerton Martin, both of whom died in 1885. I came to Hill county in 1898 and attended a country school several years and also attended Culbertson's Select School in Hillsboro. I taught school ten years in Hill county and began the law practice in 1913. I have enjoyed a very splendid clientele during my entire practice. I served as county attorney of Hill county from Dec. 1, 1920 to Jan. 1st, 1927, being the first attorney to serve three terms in succession in thirty-five years. Was elected to the State Senate in 1928 and re-elected in 1932, being the only person who ever served two consecutive terms in the State Senate from 12th senatorial district. Married in 1913 to Daisy Beavers. We have three children, two boys and one girl, the older of the two boys is now in the office with me practicing law, the second boy is in the State University and my daughter in T. S. C. W., Denton, Texas.

I know that I am qualified to serve the State as Railroad Commissioner

and if I should be chosen I will endeavor to render a faithful service to all the people of the State to the very best of my ability.

Yours truly,

WILL M. MARTIN.

The above announcement was offered and paid for by a Hamlin friend of Mr. Martin's.

MAP IMPROVEMENT PROMOTES SAFETY

A major improvement in automobile road maps which encourages the motorist to think in terms of reasonable driving time between given points rather than mileage to be covered, is announced by the Continental Oil Company at Ponca City, Oklahoma, in connection with the issuance of maps of the new type by the company's Conoco Travel Bureau at Denver, Colorado.

The new feature which will appear on the face of all Conoco maps consists of the addition of actual driving time in hours and minutes from town to town. These figures are printed in red and appear directly under each of the usual mileage figures which give the distances between cities and towns. A footnote points out that the driving time has been calculated for normal traffic conditions and dry roads and that allowances should be made by motorists who drive unusually fast or slow.

The improvement is also in use by one other major oil company and is understood to be under consideration by several others. This strong emphasis on reasonable driving time rather than the factor of distance-to-be-covered should do much to promote highway safety, say Conoco officials.

Mrs. R. B. Morgan and daughters, little Misses La Donna and Bobbie and little son, Robert Jr., of Garden City, Texas came over Wednesday to visit Hamlin friends. Mrs. Morgan reports R. B. as being a little under par after a minor operation last week.

Get your typing paper at the Herald Office.

CUTTING BEDS SUPPLY PLANTS FOR LANDSCAPING

(Jewell Hipp, Ass't. Home Demonstration Agent Fisher County.)

In order to help supply plants for her foundation and screen, Mrs. Charles Dean of Sylvester is preparing and planting a cutting bed. This is one of the most economical ways of supplying plants for landscaping the yard.

The ideal way to prepare the cutting bed is, locate it in a protected area in good soil: She is placing hers in a corner of the garden where she can care for it easily and it will be somewhat protected.

The plot is 8x12 feet and a post is placed at each corner around which is stretched gunny sack to keep the high winds and sand from whipping the tiny plants when they start to put out. There are numerous kinds of plants to use for cuttings. It is stressed that as many as possible of evergreens should be used, since they do not shed their leaves in the winter. The evergreens that may be used are armeria, cydonia japonica (some people call it Japanese quince, flowering quince or flowering japonica which ever name one may be familiar with), lilac, crepe myrtle, butterfly bush, forsythia (golden bell,) jasmine, spirea, bridal wreath, vitex, flowering willow, coral berry, salt cedar, and roses.

A good cutting bed should contain around 800 cuttings, 500 of these evergreens. Cut the cuttings counting from five to seven buds and place the cutting in the ground leaving two buds above the ground. (If it should be necessary to hold the cutting over a few days, always keep the materials for cuttings in water. It is wise to put out as soon as possible, and use fresh materials.) Mark off roses

in the cutting bed 6 inches apart and place the cuttings 3 or 4 inches apart. Press the soil down firmly around each cutting, water, let settle and then cover bed with dry dirt. Then water thoroughly once a week rather than sprinkle. Plants raised in the cutting bed are kept in the bed until after the first good freeze in the fall, then they are transplanted to places where they are needed in the foundation and screen in the yard.

FIRE INSURANCE CREDITS UNCHANGED FOR HAMLIN

The Herald has a list of towns from the Board of Insurance Commissioners, giving the fire credits or changes for various cities. We note that Hamlin retains its 10 per cent credit. Some towns lost credits and even went to the charge side.

Insurance rates in a place are determined by the amount of fires over a certain period. When you see a great fire eating valuable property away—just bear in mind others are going to pay for it. Rates go up for a certain time. If there are not many fires, rates go down.

We note that some towns have a credit rating as high as 25 per cent and one of Hamlin's neighbors has a charge of 15 per cent. Yes, fires cost everybody, don't forget that.

SORE THROAT—TONSILLITIS! Mop your throat or tonsils with Anesthesia-Mop, our wonderful new sore-throat remedy and if not entirely relieved within 24 hours, purchase price will be cheerfully refunded. REYNOLD'S PHARMACY. (3-1938)

DOVIE CHURCH WORK ADVANCING

Dovie folks, if you are not coming to Sunday School and League, you are missing a spiritual treat. The attendance has almost doubled since we organized our church school, February 13th.

Fine programs are being given by the "Young People's Epworth League," each Sunday evening. Mrs. Milton Sharp was leader last Sunday. Weldon Cooley and Milton Bessire read scriptures. Mr. Johnston, Mrs. Ira Green and Elvin Cooley gave inspirational talks on "How to Guide." A reading by Ida Fay Ludeck concluded the program.

Brother Alvis Cooley brought us a thought inspiring message Sunday morning. Our pastor, Rev. Ellis Todd will preach next Sunday.

Queen Meets Queen at Mardi Gras

Unknown to each other and to their subjects until the night of the ball, Their Royal Highnesses Norma Locke, Lancaster, and Mabel Mestayer, Beaumont, reigned over the first Mardi Gras masquerade ever staged at Texas State College for Women in Denton. The All-College dance was held in two halls in order to accommodate the 2500 costumed students. The revelers doffed their masks at 9:30, at which time the queens and their courts were announced.

SOME MORE OF THE RECORD

By JAMES V. ALLRED
Governor of Texas

AUSTIN.—Upon the urgent request of several officials of the State Teachers Association I flew to Washington last week to appear before the judiciary committee of Congress in opposition to a resolution seriously affecting the title to our coastal lands.

The resolution, by Senator Nye of North Dakota, was originally introduced and passed through the United States Senate in the closing days of the session last year. Upon its face it was an innocent resolution simply reciting that it was asserted that the United States government owned title to certain submerged lands along the coast of the United States from which oil was being extracted, and which is potentially valuable for that reason; and it instructed the Attorney General to investigate title of the United States and file such suits as were necessary to recover same for the Federal government.

The resolution passed the United States Senate, and there is no criticism on that account—none of us knew just how far reaching it was—but, of course, it failed to get through the lower house of Congress and was pending business at the beginning of this session.

When we got to Washington we found that those who were pushing the resolution stated that it was primarily aimed at California, which occupies a slightly different status from the other states; BUT the trouble was that the resolution was so broad as to cast a serious cloud upon Texas title and that of every other coastal state. Too, we found that the Navy Department had suggested an amended resolution which was worse than the original. The amendment asserted that the United States owned all of the submerged, or coastal land under the waters on American shores; that there is possibly a serious shortage of oil reserves and that the President should be authorized to take over and set aside these lands as naval oil reserves.

The amended resolution did contain the statement that it was subject to the title of any state, or private individual or corporation which "may be established in the judicial proceedings hereinafter authorized." This was the worst joker in the resolution—that is, it would require Texas to establish in court a title which has been unchallenged for over a hundred years.

From the beginning of the Republic the Supreme Court of the United States has held in unbroken decisions that the state owns its coastal lands "and the soils under its navigable waters." In most of the states this extends out to the three-mile limit, but in Texas, according to the position we took, it extends for three leagues, which is about 10½ miles.

We pointed out that when Texas won her independence the first Congress of the Republic passed an act asserting dominion over a territory which was described to begin at the mouth of the Sabine river and par-

allel the Gulf Coast of Texas at a distance of three leagues from land to the mouth of the Rio Grande river. This distance of three leagues from land was recognized in the treaty of peace between the Mexican Government and the United States Government after the Mexican war. It was again recognized in the Gadsden purchase by the United States from the Government of Mexico.

Everyone conceded that Texas was probably in the strongest position of any of the states, but, of course, we don't want our title clouded and development of our oil land held up by the possibility of a lawsuit with the United States government. The Attorney General of the United States now has the right to file a suit if the Government owns these lands, or any part of them. He doesn't need a resolution from Congress to authorize him to file the suit.

The parties asking Congress to pass the resolution finally admitted that they wanted this resolution for its moral effect and because it was a declaration by the Congress that United States in fact owned the land. In other words, the resolution would be, in effect, an invitation by Congress to the courts to overrule the rule of property which has existed in this country for over a hundred years.

DIESEL ENGINES TO PULL SANTA FE IN NEAR FUTURE

The powerful new Diesel-electric locomotives furnished to the Santa Fe railway by the Electro-Motive Corporation, of LaGrange, Illinois, subsidiary of General Motors, require less effort to drive than an automobile, and contain the latest and most approved safety devices.

The locomotives are composed of 1800 H. P. units which may be coupled for multiple-unit operation from the engineer's cab in the front of the leading unit. The 900 H. P. General Motors two-cycle Diesel engines are contained in each unit and are controlled simultaneously by the engineer's throttle. Each is a "V" type, 12-cylinder engine.

Although the new locomotives are geared to travel at a rate of 117 miles per hour, Diesel-powered trains in modern high speed service usually travel at lower top speeds to maintain today's fast schedule than do steam locomotives. This is due to the ability of Diesel-powered locomotives to start and stop faster, and develop speed quicker. Also, Diesel-electric locomotives do not have to make frequent stops for fuel and water and they are not changed during their runs, some of which are 2,250 miles long. Another factor in eliminating high top speeds is the ability of the locomotives to maintain speed on grades.

Safety features are paramount. Windshields in the operating cab give a clear view of the track and signals. They are made of safety glass and equipped with sun visors, windshield wipers and hot air defrosters. Following this automotive style

the cab side windows are equipped with no-draft ventilators and adjustable windows.

Essential controls have been so simplified that the engineer drives the train while seated in a deeply upholstered adjustable seat, which looks more like an office chair than a seat in the cab of a locomotive. The instrument panel is indirectly lighted, like the instruments on the dashboard of the modern automobile.

Essential controls consist of a "dead man control" pedal which automatically stops the train if the engineer's foot leaves it, a throttle to control speed, a reverse lever, and an air brake lever. The new locomotives have speedometers. Electric horns replace steam whistles.

Of special interest to the layman is the cleanliness of the new Diesel-electric locomotives. They could be operated by an engineer attired in evening clothes without fear of his getting his clothes soiled. The engine rooms also are unusually clean, comparing with the tidy neatness of a navy submarine on inspection day.

Sitting in his cab, gauges and dials constantly tell the engineer of any abnormal conditions in any part of his power plant. Three different colored lenses, for instance, tell him if there is a hot engine, low oil pressure or other failure. An alarm gong begins ringing the instant one of these warning lights flashes and continues to ring until the fault is corrected or the train stopped.

Special acoustical treatment insulates the cab from outside and inside noises, thereby aiding safety by making it easier for the engineer and his assistant to exchange block signal observations. Specially designed springs to meet faster schedule conditions give the locomotives a riding ease comparable to a Pullman. Hydraulic shock absorbers dampen swaying motions on curves.

The same furnace oil fuel used in operating the Diesel-electric engines is also used to operate the steam boilers for heating.

Electric transmission is used, instead of the mechanical transmission with which we are familiar in our automobiles. Each six wheel truck on the locomotives has two traction motors geared direct to the outer axles, accounting for the much higher traction power, and the ability to attain high speeds quickly.

Appearance, design and coloring of the new equipment follow the distinctive red and silver motifs established for the previous Santa Fe streamlined locomotives.

Up in the Morning Feeling Fine!

The refreshing relief so many folks say they get by taking Black-Draught for constipation makes them enthusiastic about this famous, purely vegetable laxative. Black-Draught puts the digestive tract in better condition to act regularly, every day, without your continually having to take medicine to move the bowels.

Chevrolet Sets Economy Mark

A certified fuel economy record of 67.04 ton-miles per gallon of gasoline was established by this Chevrolet 1½-ton truck model on a 3022.2-mile run from Ottawa, Canada, to Mexico City. The truck, carrying a 4000-pound payload, was piloted by Harry Hartz, former racing driver. The unit was greeted at Mexico City by Ivan C. Dresser, manager of General Motors of Mexico. Shown above, left to right, are Stanley Reed, AAA Secretary, Dresser, and Hartz. The truck is now touring the United States.

KINGS DAUGHTERS CLASS ELECT OFFICERS

In a short business session of the King's Daughters Class of the Methodist church, the following officers were elected:

President, Mrs. Ray Willingham, Vice-President, Mrs. Clinton Barrow; Secretary, Mrs. A. Davis, Teacher, Mrs. J. W. McCrary, Assistant-teacher, Mrs. M. O. Farrow, Song leader, Mrs. Bob Wiarr; Reporter, Mrs. Hackley.

Following the election, the Men's Bible Class, invited us to join them in the Sunday School lesson, which was given in a most inspiring lecture by their teacher, Mr. Bennett.

There is real friendly rivalry between these two classes—the men having an attendance of 28 and the ladies 33. Every man and woman in Hamlin, who is not attending Sunday School elsewhere, will find a welcome in either of these classes. Come.

PRAYER WEEK OBSERVED

A Home Mission week of prayer is being observed this week by women of the First Baptist Church with programs held each afternoon at 2:30 o'clock in the church.

The theme of study includes Challenging Needs and Conditions of the Home Mission Field.

The program Monday was given by

the Deter-Walker Circle, directed by Mrs. J. Henry Littleton. Tuesdays program was under the direction of Mrs. W. F. Johnson who was assisted by members of the Nannie David circle. The programs Wednesday and Thursday were given by the Lucille Reagan and Lockett Circles with Mrs. Clint Ferrell and Mrs. W. L. Boyd as leaders.

Fridays program will be under the direction of Mrs. W. D. Stell. It will be a continuation of the theme studied in the preceding programs, supplemented with a song and prayer service.

WOMAN'S LITERARY CLUB HELD LOCAL ART EXHIBIT

Friday afternoon at four o'clock, the Woman's Literary Club was hostess for a Local Art Tea in the banquet room of the First Baptist Church.

Peach blossoms and other spring flowers decorated the rooms where more than one hundred paintings were displayed—all the work of local artists.

As guests arrived they were welcomed by Mmes. Tate May, Bowen Pope and Mrs. W. A. Albritton, art chairman, who presented them to a receiving line composed of officers of the club, Mmes. Mac Brundage, Loyd Sebastian, Dewey Gildon, Art

Carmichael, Ted Armstrong, Tom Teague, R. D. Moore, Hefflin Miller, R. B. Wiarr and H. O. Cassle. Mrs. J. Frank Johnson was at the silver table and Mrs. J. H. Littleton and Mrs. Carl Clifford presided at the register. Others assisting in receiving and ushering the guests to seats were Mmes. J. E. Bury, J. D. Burk, E. F. Faurey, L. S. Sparks, W. R. Calhoun, R. E. Johnson, W. J. Poe, O. G. Harvey, I. R. Witt, T. A. Thigpen, Earl Smith and Miss Allie Whiteley.

Mrs. Mac Brundage, club president, extended welcome to the guests and presented the program. Mrs. Greenleaf Fiske, of Abilene, was speaker for the afternoon. Music was furnished by Mrs. Earl Smith, who played piano numbers as guests assembled, Miss Maxine Brundage who opened the program with a piano selection and Misses Constance Teague, Effie Lois McCoy and Rosemary Carlton who gave a vocal number, accompanied at the piano by Geneva Jo Maberry.

Following the program a sandwich plate with spiced tea was served to 130 guests. Favors were appropriately designed cards.

Out of town guests were Mmes. F. W. Pouns and Dean Rippetoe, Brownwood, Mrs. C. C. Rister, Norman, Okla., Mmes. W. A. Stephenson and O. J. Cotton, Abilene, Mrs. S. Scott, Douglas, Arizona, Mrs. W. J. Bryant, Stamford, Mmes. H. R. Phillips, Guy Patterson, Misses Sue Phillips, Kathryn Duff and Francis Eddy Beck, of Rotan.

T. E. L. CLASS IN SOCIAL MEETING

Members of the T. E. L. Class of the First Baptist Church were entertained Tuesday afternoon from 3:30 to 5:00 in the basement of the church. Games and conversation formed the amusement. Refreshments were served to Mmes. D. A. Brown, V. W. Day, T. E. Shelburne, H. A. Eckler, W. V. Huling, Tate May, W. Earl Smith, H. G. Hull and the hostesses Mrs. Tom Routh and Mrs. Dode Sanford.

BUSY BEES MET AT MRS. FLETCHER'S HOME

Here we are again after all the nice rain and snow. So Mrs. W. L. Fletcher didn't mind a little mud Wednesday, February 23, when the "Busy Bees" met with her and quilted three quilts. I think we are gradually convincing the men that our club accomplishes something besides "gossip," for it looks good to come in on a cold day and find three new, fluffy quilts waiting for their bed.

Those meeting at Mrs. Fletcher's were: Mrs. David Whitaker, Oscar Jenkins, Bert Fomby, A. A. Oliver, Watts Fletcher, Banks Green, L. J. Fletcher, Hugh Jones, Elmer Joiner, Pat Beauchamp, D. M. Harris, J. F. Vaughn, Clarence Street, Johnny Agnew, Earl Ray, Carrie Whitaker, Clyde Whitaker, Edwin Burns, and Mrs. Fletcher.

We go to Mrs. P. H. Beauchamp's next time, which will be March 8. We are expecting a large crowd so don't disappoint us.

SAINT PATRICK NOTE USED AT PARTY

A Saint Patrick motif was emphasized in game appointments and refreshments, Tuesday afternoon in the home of Mrs. J. P. Morgan when she was joined by Mrs. Gerald Morgan and Miss Nadine Morgan in entertaining with a five table party.

Geraniums and peach blossoms were attractively arranged in the entertaining rooms and bouquets of spring blossoms in pastel shades centered tables where salads, sandwiches and coffee were served.

In the bridge games Mrs. R. H. McCurdy held high score.

Guests were Mmes. A. D. Ensey, S. Scott, R. H. McCurdy, Clinton Barrow, D. J. Payne, C. G. Green, J. Frank Johnson, J. E. Moody, Bob Barrow, B. L. Jones, A. E. Pardue, C. C. Prater, B. M. Brundage, D. D. Harden, Dick Moore, Dewey Gildon, Hefflin Miller, Fred Moore and Miss Allie Whiteley.

Mr. and Mrs. C. H. Stensifer of Vernon are spending a couple of weeks with their son, John and wife, of the Dovie community.

MRS. DICK ROBERTSON SO HAPPY TO BE AT HOME, SHE'S POETIC

A little over two weeks ago, in fact on the Monday the "sprinkle" started, an ambulance brought Mrs. R. J. Robertson to her farm home west of Hamlin, after two weeks in the Abilene Hospital.

She is getting "poetic" and as badly as newspaper hates "poetry print" the Herald is going to please Mrs. Robertson by publishing every thing she says, word for word, dot for dot, believe it or not. She writes: To my many friends who sent letters and cards by the score Each day the postman brought more; Handkerchiefs and candy Were lovely and dandy, Such beautiful flowers Came too; in showers, Here's thanks from the depth of my heart

To all who had a part In bringing happiness and joy to me, while ill, "O Boy" These words are all so true So here's love and best wishes to each of "U."

MRS. R. J. ROBERTSON.

JONES-YOUNGER

MARRIAGE ANNOUNCED

Miss Jonnie Younger, of Roscoe, and Mr. Wallace Jones, of Hamlin, were united in marriage, Sunday afternoon in Sweetwater. The ceremony was read by the pastor of the Methodist church of that city.

Mr. Jones is the son of Mr. and Mrs. Marvin Jones of Hamlin.

ELI SELLERS DIED SUDDENLY SATURDAY

Eli Sellers, one of the prominent farmers of the Neinda community passed away suddenly, last Saturday morning at 8:30 o'clock.

Since the death of his wife, in April of 1937, Mr. Sellers had made his home with his son, Bill Sellers and wife, at the home place, where they had lived for 16 years. Mr. Sellers had been ailing with what they took to be a slight case of flu, he had always enjoyed fair health and was very active up to the time he became ill a few days previous to his death. Saturday morning he was being served his breakfast in his bed and without warning he passed away.

Eli Sellers was born in Wood County Texas, February 3, 1880 and was 58 years and 23 days of age at death.

He is mourned by three children, Bill Sellers of Neinda, Vernon Sellers of Big Spring and Mrs. Tom Hodges of Lubbock. The family came to Neinda in 1918 and lived on one farm for 16 years. Mr. Sellers was a man of the highest type, a member of the Baptist Church.

Funeral services were conducted at the Neinda Church, Sunday afternoon by Rev. J. Henry Littleton and the body was placed to rest by the side of the companion in the Anson Cemetery. Barrow Undertakers had charge.

Mrs. D. A. Tims, of San Angelo, was here Tuesday attending to business and visiting friends. Mr. and Mrs. Tims lived in Hamlin for many years, and still own a nice home in South Hamlin. While here Tuesday Mrs. Tims called at the Herald office and left a dollar so the Herald man continue to come to her in San Angelo.

BOYD CHAPEL HOME DEMONSTRATION CLUB

Boyd Chapel Home Demonstration Club met in the home of Mrs. J. H. Allen, Feb. 23, with eleven members and two visitors present.

An interesting program was rendered by Mrs. E. R. Whittenburg and Mrs. J. P. Bingham.

The theme of the program was:—"Clean Rooms are more attractive; and Care of Room."

Our 5c Educational fees were paid. Our next meeting will be with Mrs. Buster Bingham, March 9th. Program for that day will be, "Butter Cakes."

On Friday March 11, Boyd Chapel Club will present a play at the school building at 7:30 o'clock. The name of the play is "The Minister's New Car." A lot of laughs are in store for you, so be sure and be present. Admission, 5c for school children and 10c for adults. Receipts will be used for club funds. Cast of characters for this play will be: Mmes. Ren Cozzens, Lee Ward, Chas. Bingham, Eldon Pope, Willie Bristow, Ross Kemp, Buster Bingham, Lawrence Holley, Sam Tindal and Miss Willard Bristow.

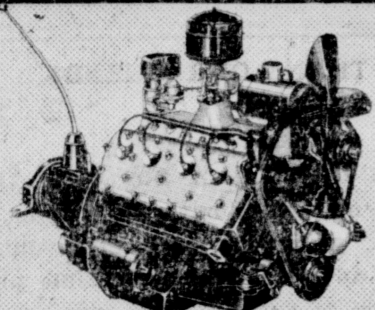

We will have entertainment besides the play.

Members attending the meeting in the home of Mrs. Allen, Feb. 23, were: Mmes. Lee Ward, Bob Miltstead, Eldon Pope, Charlie Bingham, Buster Bingham, J. P. Bingham, Ross Kemp, E. K. Whittenburg, Sam Tindal, Ren Cozzens, J. H. Allen, our visitors were Mrs. Roy Pope and Mrs. Cecil Bennett.

Bob Howard of Abilene came over Thursday on business. Bob is a brother of John and George of this city and for many years he was Hamlin's leading grocery dealer, both retail and wholesale. But he is now in the drug business in Abilene, carrying the same old familiar smile.

McCAULEY MATTERS

By JOHN P. HARDESTY

The Junior High School play, "Sitting Pretty," was given at the School Auditorium, Friday evening to a large and appreciative crowd. The class realized some \$25.00 from the proceeds, which will be used for carrying on their class program.

A large delegation of McCauley young people attended the B. T. U. Quarterly meeting at Sylvester, Sunday afternoon. A splendid program was rendered and enjoyed, representatives from the different churches over the county.

The ladies of the Sylvester Baptist church were guests of the ladies of the McCauley church, Tuesday in an all day service in observance of the "Week of Prayer" program. Lunch was served to a large crowd, including the men who worked on the Parsonage building. Rev. D. G. Reid, pastor of the Roby church, was among the workers on the building. His job was papering. He came to show his appreciation of the building enterprise by contributing his labor. He is an expert in the papering line. Another Roby man, W. B. Hopson, is entitled to his name on the roll of honor, since he, too, made a substantial gift towards the building since our last report. Among the list of Hamlin friends who made gifts not mentioned in this column before are: Acme Lumber Company; J. B. Bowman; Rose Shoppe; Magee's Beauty Parlor; Jack Miles, and T. E. Hill of Hinson. Rev. J. R. Bateman, local Methodist pastor has been driving nails for the Baptist Parsonage, also. Thanks to him.

The author of this column and his wife enjoyed a visit to Slaton over the week-end, where he preached for his former Slaton congregation and visited with his sister, Mrs. R. O. Carnes and another sister, Mrs. Ida Porter, who is visiting relatives in Slaton. Rev. O. C. Byrd occupied our pulpit in McCauley.

Misses Vera Tate, Kenna Rector and Wyleta Smith, teachers in the McCauley public school, visited home folks and friends in Lubbock the last of the week, returning to McCauley, Sunday afternoon.

Miss Latane Akins is visiting her sister, Mrs. Eugene McCloud and Mr. McCloud in Littlefield for a few days. Miss Lillian Akins, after several days at home, has returned to her office duties with Dr. and Mrs. W. V. Ramsey in Abilene.

The D. L. Smiths visited Mrs. Smith brother and family in San Angelo, Sunday.

The Granville Deans have moved into the Mrs. Henderson house.

The E. C. Waldrops have moved to Sylvester to make their home. They have been located at Rosebud, Texas, for the past year.

PREACHERS MISSION OF THE BISHOP CRUSADE OF THE METHODIST CHURCH

Members of the Bishop Crusade of the Methodist Church, have in the Abilene District a Preaching Mission which will be carried on through this month. And in the McCauley charge we are to have a Rotating Preachers Mission. This will begin at McCauley, March 13th, with the evening service. And March 20th, at Boyd Chapel. We hope to have the complete program in next weeks paper.

Our young people of the McCauley church will render a program at the church at 11:00 a. m., March 13. All are invited to attend these meetings, we expect to have some—if not all—of these sermons by visiting preachers.

WISE CHAPEL NEWS

(By Catherine Drake)

Rufus Herbst spent Sunday in Spur, he was accompanied home by Bert Nix and his Mother.

Mr. and Mrs. D. M. Harris spent Sunday with Mr. and Mrs. Johnnie Agnew and family.

Bert and J. D. Hayes, Miss Catherine Drake and Bessie Hayes motored to Merkle, Sunday afternoon.

Mrs. J. J. Herbst spent Sunday with her son, Dave Herbst and wife.

Emil Ray Farmer, of Abilene, spent the week-end with home-folks, Mr. and Mrs. Earn Jobe and family.

Mrs. Lenard Lewis and family and Catherine Drake went to Abilene, Monday night.

Mrs. David Whitaker and sons visited Mrs. E. A. Isbill, Sunday afternoon.

Connie Drake and sisters visited Mr. and Mrs. Buck Wilemon and daughters, at Boyd Chapel, Friday.

E. Kirksey spent Wednesday and Thursday in Lamesa.

METHODIST CHURCH

Remember our revival meeting. You know it is to begin the Fourth Sunday in March and close the first Sunday in April. Let each one pray that we may be in such a state and condition of mind and heart that God can use us to the fullest. Dr. Brabham, who is to do the preaching is a very entertaining preacher and a good man. Brother Crow, who is to lead the singing and have charge of the work with the young people is mighty fine in his field. But no one can have a revival meeting without the prayerful co-operation of the membership. So pray earnestly that you may be used of God to help someone. We want all the Christian people of the town and community to help us in every way that they can. Each of you will find a hearty welcome. We will have services twice daily.

Remember to be on time for the Sunday School next Sunday morning. Preaching at eleven. Subject, "The Great Refusal." The Leagues meet at 6:30. Preaching at 7:30. This will be a special service for the young people. As this is Young People's Day throughout our Conference. Remember, if you have clothes to wear to the post office, you will be more than welcome to wear the same clothes to any of our services.

Sincerely,
H. W. HANKS, Pastor.

According to County Agent Floyd Lynch, there are approximately 138-000 acres of land in the county on which either terraces or contour farming conserves the moisture and he says that he has enough farmers already having applied for terrace lines to be run to keep him busy for the rest of the year.

Mrs. C. E. Snell, mother of Mrs. Z. T. Wilson is reported to be seriously ill at the Hamlin Hospital.

A LETTER FROM CALIFORNIA

Blythe, Calif., Feb. 21, 1938.

Mr. Bowen Pope,

Hamlin, Texas.

Dear Mr. Pope:

Just a word to tell you that I have failed to get the last two papers, but all my fault. I moved and changed my address and have been so busy I have not taken time to write you, but we could not get along without the Hamlin paper. It is like getting a long letter from home.

We like California better now than when we first came out, but still say we like Texas and Texas people. The winters are grand. Sun shines all the time but at night have to have a little fire, but July and August are the bad months here. A fan does not do any good. It just makes hot air. A wet cloth is the only thing that will do any good when it gets 110 in the shade. We are out in the desert all by ourselves on 60 and 70 highways, but do not

get lonesome. Lots of tourists from the South and East stop with us, but have not seen anybody from Hamlin or McCauley. So don't know what has happened there the past two weeks. So please send my next paper to Blythe, Box 248.

Come on McCauley; dig out all the corners and get all the news. We always read your letter first. Glad to know the church work is going in a big way in all three churches. Believe me it is worth something to be able to go to church each Sunday morning and mid week prayer meeting. I have not heard a sermon since I was there last summer, but I am only fourteen miles from Blythe and they have churches, and one of these Sunday mornings they will have a stranger at church. I enjoyed the Sunday school work at Desert Center. I had a large class—built it from a class of four to a class of sixteen in about four months.

Well guess I had better say good by, hang up and ring off for this time. If any of you drive out this

way some Sunday don't pass us up. Stop and say hello and we will fill your car with Ethyl gas.

Yours truly,

Mr. and Mrs. Faulkenberry.

4-SQUARE SERVICE

SUNDAY AFTERNOON

Mr. and Mrs. Thompson of Haskell sponsors of the 4-Square Church will hold a meeting at the Cooper Ranch, west of Hamlin this Sunday afternoon. All who care to listen in or partake of the services have a cordial invitation to come.

This is the first 4-Square Church service announced for this section of the country, however it is prominent in some Texas towns and especially in California.

G. R. Wright and wife of Eunice, New Mexico, came down last Thursday and remained over Sunday with their mother, Mrs. Bertie Wright, who is ill at her home in East Hamlin.

WE THANK OUR FRIENDS

In the time of our deepest sorrow, our friends have come to us with their generous love and sympathy. We do wish we could find proper words to fully express our heartfelt gratitude to each and everyone. Your love and your kindness shown our little Sandra June and your sympathy for us can never be forgotten. We thank you most sincerely for your floral offerings and for every act of kindness.

Mr. and Mrs. Raymond Moulton.

This week the Herald carries the announcement of Dr. Charles Elliott, Chiropractor, of Sweetwater, who is opening offices in the Morgan Hotel, first floor.

S. O. Burleson and wife of Throckmorton have purchased the Rainbow Inn from Mack Smith who returned to Throckmorton, to resume his cafe business in that city.
